

# PUMPKIN CARVING

---

## Step 1:

Pick out your pumpkin.

## Step 2:

**\*Parental assistance is advised**

Once you have selected your pumpkin, use a knife to cut the crown off.

## Step 3:

Using a large spoon, remove all the contents of the pumpkin. Scoop and pull out all seeds and pumpkin fibres making the inside of the pumpkin silky smooth.

## Step 4:

Using a coloured marker pen, draw on your design. Be as creative as you would like. This will help you when you start carving the pumpkin.

## Step 5:

**\*Parental assistance is advised**

Once you have perfected your design. Use a sharp knife and start cutting out your design. Use your design as a guide.
