The UK's largest family-led garden centre group

The British Garden Centres Group (BGC) are the largest family-owned and led garden centre operator in the UK, with 60 centres across the country. Every centre being different to the next they serve their local community to the best of their abilities and trade under a local name; from Carmarthen to Bressingham, Ramsgate to East Durham there is a BGC within an easy drive of almost everyone!

The group is led by brothers, Charles, and Robert Stubbs. Woodthorpe Garden Centre was the first location to open in 1987 and now this family-run business has 60 centres. Growing from 10 in 2018 to 60 in 2022. The group has seen exponential growth in the last few years and quickly established itself as the largest, and arguably best, family-run garden centre group in the UK. At the recently held Greatest Christmas Awards (NEC, Birmingham, Feb 2022) the team picked up 5 awards proving that whilst plants are at the heart of what they do they are also centres for all seasons.

Customers love their local British Garden Centre because there is always something interesting to see and a variety of attractions that appeal to the whole family. The group prides itself on providing outstanding plants and products at great value; there is always a range of great deals and seasonal special offers, however the added attractions and activities is what sets British Garden centres apart from its competitors. All centres are family orientated, with something fun for all ages.

There are also 55 incredible restaurants, that boast a wide variety of food and drink options and twenty-four locations offer a tasty carvery.
